

Web Design for Digital Forensics & Cybersecurity Firm

PROJECT DETAILS

 Web Design

 Nov. 2021 - Jan. 2022

 \$50,000 to \$199,999

“

"It was very effective. There was no issue, even with the time zone differences."

PROJECT SUMMARY

Ahex Technologies created a website for a digital forensics and cybersecurity firm. They were also assigned to transfer data from their old platform.

PROJECT FEEDBACK

Ahex Technologies did a good job with following directions and meeting deadlines. They had an effective workflow, despite having a different time zone. Moreover, they were praised for having a professional, knowledgeable, and efficient staff.

The Client

Please describe your company and your position there.

I am the Chief Product Officer.

The Challenge

For what projects/services did your company hire Ahex Technologies ?

This was for creating a new website and transferring data from a old site.

Gaspare Marturano
