The Approach

What was the scope of their involvement?

Ahex Technologies developed our website and iOS and Android app. They also designed the UI/UX for both. They built it to allow users to sell their product and make purchases on the website, which is a wholesale e-commerce platform.

What is the team composition?

There are 10 people on the team.

How did you come to work with Ahex Technologies Pvt. Ltd.?

A friend recommended them. They are a very good company that provides good service, so we decided to work with them.

How much have you invested with them?

We've invested \$15,000.

What is the status of this engagement?

We started working together in November 2019. The team continues to help us with whatever services we need.

The Outcome

What evidence can you share that demonstrates the impact of the engagement?

They've provided good services to us. The apps and website are very user-friendly and comfortable to operate for customers. We're very happy with their work.

How did Ahex Technologies Pvt. Ltd. perform from a project management standpoint?

Ahex Technologies has a very good company culture. They meet all the deadlines. We communicate mostly via Zoom and phone calls.

What did you find most impressive about them?

They're very friendly and are ready to solve whatever problem comes up. Whatever I ask them to do, they do it.

Are there any areas they could improve?

There's nothing I'd have them improve.

Do you have any advice for potential customers?

I recommend contacting Ahex Technologies.
